Weather Forecast.

For North Carolina—Fair Tuesday and Wednesday, colder. Wednesday, light to fresh west winds becoming North.

After getting licked out of his boots Boss Cox, of Cincinnati, resigned. Politicians are rarely resigned after getting a throw down like Cox got.

"A New Jersey woman has a frog farm and makes $1,500 a year by the sale of her frog legs," says an exchange. It is safe to say that woman doesn't go around croaking that she hasn't "got a thing to wear."

Brooklyn Life says: "A married woman should be a law unto herself." Lawsy! They are a whole lot of laws unto themselves and they have enough of them to lay down the law to the old man when he gets lawless.

The Greensboro Record would have us believe that the Old Nick Williams trial is so awfully dry that it hardly raises a smile in the court room. However, if they keep on giving out the names of those who get shipments of liquor from Old Nick, somebody is bound to have dry grins.

A New York exchange says the fact that Hearst came so very nearly to being elected caused prices to fall on the Stock Exchange. Thos. W. Lawson endorsed Hearst's candicacy in one of his pronunciamentos, and it makes one suspect that it was just one of Lawson's ways to "bear" the market and hit the frenzied financiers another swipe.

The Star is exceedingly gratified to note in the Charlotte Observer yesterday that Editor J. P. Caldwell's condition is considerably improved. He has had a serious attack of pneumonia, and we are sure we express the sense of the press of North Carolina when we say that we hope for the early restoration of Mr. Caldwell to his valuable editorial duties.

Former Senator McLaurin, of South Carolina, was in New York on election day. He is anti-Hearst but says his candid opinion is that Hearst was certainly elected mayor. He says he never saw as much bull-dozing and intimidation at the polls in all his life. This means a good deal when it is remembered that Mc has seen elections in South Carolina when her own people were voting the carpetbaggers out of their State.

FEMALE NEGRO SHOPLIFTER

Arrested in Kress & Company's Store Yesterday Morning—Had Many Articles Stored Away.

Caught in the act of shoplifting in Kress & Company's Five and Ten Cent Store, Minnie King, a young colored woman, was given trial in Justice Rheinlong's court yesterday afternoon and committeed to jail for the Superior Court in default of $25 bond. She admitted taking the goods with which she was charged with stealing but said she was drinking and had no idea of carrying the property away.

Yesterday morning the colored woman went in the store, made one or two small purchases, stood around for awhile and was in the act of passing out the door when she was seen to drop an article by Mr. E. L. Hines, a clerk in the store, engaged at the time in dressing one of the large show windows. The article dropped was not wrapped and Mr. Hines at once suspected shoplifting was the purpose of the woman's visit to the store. Mr. Hines jumped out of the window, took hold of the woman and brought her back in the store. Under a cloak which she wore and concealed elsewhere on her person were found ten pair of side combs, two pair of scissors, a lady's hand bag, a roll of ribbon, an assortment of finger rings, a large bundle of hair pins and a number of other articles from a stock such as is usually carried in a Five and Ten Cent Store. Constable Savage was passing when the search was going on in the store and he was called upon to arrest the woman, which he did. She was placed in jail until the preliminary hearing in the afternoon, which resulted as above stated.

LOCAL DOTS.

—Other Local on fourth page.

—Pastor Fred D. Hale, of the First Baptist church, will speak at the men's meeting at the Y. M. C. A. next Sunday.

—Sam Lamont has applied for a permit to build a two-story frame building on Sixth, between Brunswick and Bladen streets.

—Junior members of the Y. M. C. A. are to entertain at an elaborate reception Saturday night. There will be music and literary features and at least 100 boys are expected.

—There was a sharp break in the cotton market yesterday, New York spot declining to 11:40 for middling. There were no sales on the local market yesterday, though the receipts were 3,983 bales.

—Encouraged by the interest and attendance, Rev. Geo. B. Webster, the pastor, has decided to continue the revivalmeetings at Bladen Street M. E. church another week. Rev. M. J. Duryea, an evangelist of Chicago, is assisting with the services.

—Impressive funeral services were conducted over the remains of young Charles Taze Russell, the six-year-old son of Mr. and Mrs. J. H. Sykes, from the family residence at Delgado, Pilgrim Walter H. Bundy, of Boston, officiating. The interment was in Bellevue cemetery.

—George Johnston, a colored youth, was arrested by Constable Savage yesterday and will have a hearing before Justice Borneman to-day upon a charge of hurling a brick at Johnnie Washington, near the cooperage works, in the southern part of the city Saturday night.

—Capt. Wm. F. Robertson has consented to deliver the next address for the P. S. A. meeting at the Boys' Brigade armory. These meetings are growing in popularity and are very helpful and inspiring to the young men who attend. The meeting Sunday afternoon was well attended and Rev. J. A. McKaughan, of Brooklyn Baptist church, made an excellent talk.

—Justice Bornemann yesterday heard and gave judgment for plaintiff in an interesting civil suit in which Mr. W. A. Davis, owner of a small tug on the river, brought an action against Mr. Wentz Cottle, of Bannerman's Bridge, for the recovery of $31 alleged to be due him for towage. Mr. Cottle was represented by E. L. Larkins, Esq., of Burgaw, who appealed the case to the higher court.

—Savannah News: "Mr. T. E. Myers, traveling passenger agent of the Atlantic Coast Line, will go through Savannah to-day in charge of a special movement of carnival people, 200 in number, from Charleston to Tampa. The train left Charleston shortly after midnight Saturday, and will arrive in Tampa at 4:30 Monday afternoon. The train is composed of four coaches, a sleeper and five baggage cars."

MORRISON IN FAUST.

Capacity Audience at Theatre Last Night To See Mephisto.

Lewis Morrison, himself, in a revival of "Faust," was seen by an audience which completely filled the Academy of Music last night. The theme of the play has lost none of its charm for theatre-goers and the production as given at the playhouse last night seemed to give eminent astisfaction. Mr. Morrison was himself as "Mephisto" and his supporting company was very good indeed. The stage and scenic effects were elaborate and realistic, giving a setting to the piece that was admirable.

AN OFFICER FINED

Deputy Sheriff J. M. Wade Before Police Court Yesterday for An Assault

SATURDAY NIGHT ARREST

Position Vacated and Badge and Papers Turned in to Sheriff—Seven Other Cases Before Mayor Pro Tem. O'Brien.

A sensational charge of an assault and brutal treatment of a colored woman, whom he held as a prisoner, was investigated yesterday in the police court, the defendant being Deputy Sheriff J. M. Wade. The hearing was before Mayor Pro Tem. Martin O'Brien in the absence of Mayor A. M. Waddell, who is absent from the city. Mr. Wade was represnted by Wm. J. Bellamy, Esq., and City Attorney Marsden Bellamy, Jr., represented the State. After hearing all the evidence, which consumed more than an hour, a fine of $30 and costs was imposed upon the officer, who arranged for the payment of same without appeal. Previously, upon learning of his conduct Sheriff Stedman had received the deputy's badge from him and all papers in his hands for service. The young man was very penitent, attributed his conduct to over-intoxication and took his punishment without a protest.

It appeared from the evidence of Messrs. C. R. Anderson, W. H. Howe and other reputable citizens who witnessed the conduct of the officer and were so outraged that they at once proceeded to the City Hall and preferred charges against him, that Mr. Wade Saturday night had a "run in" with a couple of negro women who were drunk and disorderly at Fourth and Red Cross streets about 11:30 o'clock. He took hold of them both and in a melee which followed one of them got away. Mary A. Jones, the other, was held and it was alleged that she received very brutal treatment at his hands, being dragged a part of the way to the station house where she was left without the formality of a charge. She was bleeding so profusely from scalp wounds that the police sent her to the hospital. After the trial yesterday, it was adjudged that she had been punished sufficiently and was discharged by the Mayor Pro Tem. It was argued in extenuation of Mr. Wade's offence that the woman applied a vile epithet to him and that she resisted arrest. It was admitted that he was intoxicated, and that, too, was argued in half extenuation, but the court held that there could be no excuse for the officer's conduct and the fine was imposed.

Other Court Cases.

A dozen other cases were also disposed of in the police court yesterday but none was of special importance. Thos. Williams, affray, not guilty and discharged; Joe Williams, affray, $10 and costs, and Kate Smith, affray, costs, was the entry in the investigation of a triangular fight interrupted by the police Saturday night, all the belligerents being colored. James H. Hardeston, colored, for an assault with a knife upon a white man, near the box factory, Saturday afternoon, was sent up for the higher court and in default of $50 bond, went to jail. Three young white men, employed as linemen, submitted to disorderly conduct at their boarding house, submitted and paid the costs. Sue Bryant, drunk and down, was fined $5 and costs or given 15 days on the county farm. Several plain drunks were allowed to settle up the costs and proceed.

COLORED BAPTISTS TO MEET.

Educational and Missionary Convention to be Welcomed by Mayor.

The thirty-eighth annual session of "The Educational and Missionary Convention of North Carolina," will convene in Central Baptist church on Tuesday, 14th of Nov., 1905, at 7:30 P. M. Hon. A. M. Waddell, mayor of the city of Wilmington, will deliver the address of welcome on the part of the city. This Convention takes in the whole State of North Carolina from the mountains to the Atlantic, and from Virginia to South Carolina. Sessions will be held day and night, from Tuesday to Saturday A. M. Several of the ministers will remain over Sunday and occupy the various pulpits of the city. The public is invited to attend these services.

Newsboy Seriously Injured.

W. J. Smites, 21 years old, newsboy on the Southern train from Raleigh to Goldsboro and a son of Postmaster Smites, of Princeton, N. C., was very seriously injured by jumping from the train as it passed Princeton Sunday night. Young Smites went to jump from the train to stop over night at his home and as he did so, he jumped against a box car on a parallel track. His skull was fractured and he received other injuries about the body that may cause his death. He was taken on the same train to Goldsboro and placed in the hospital where a difficult operation was performed. Last night he was still living.

Wedded Sunday Evening.

At the home of the bride's sister, Mrs. Nathan J. Williams, No. 1006 North Fourth street, Rev. J. A. McKaughan, pastor of Brooklyn Baptist church, performed a pretty wedding service at 7 o'clock Sunday evening, joining in marriage Miss Laura Van-Patten and Mr. E. A. Speight, both well known young people of the city. Following the ceremony a reception was held at which Mr. and Mrs. Speight received the happiest congratulation of many friends.

AT THE THEATRE.

Coming of Paul Gilmore—Wednesday Matinee and Night.

Mr. Richard Lambert, business manager of Paul Gilmore in "Captain Debonnaire," which comes to the Academy of Music here next Monday evening, was in the city yesterday making arrangements for the coming of that favorite actor and his supporting company which is said to be in every respect superior to any with which Mr. Gilmore has heretofore been surrounded. Mr. Lambert left in the afternoon for Newbern.

"When We Were Twenty-One"—The appearance of "When We Were Twenty-One" to-morrow matinee and night at the Academy of Music is for one performance only, and is announced as a special engagement of this important company. Only a limited number of one night stands will be played between Washington and New Orleans after which the company goes direct to the large cities of the West for extended runs. Never before, it is said, has this greatest of all of Nat Goodwin's successes had such an elaborate production as Mr. Brandon Courtney, the New York manager, is giving it this year. Mr. Dudley Farnworth, a well known English actor, who plays the part of "Dick," which was Goodwin's part in the original production, is said to rival that great comedian's interpretation of the character, and even to excel it in many particulars, while no one since Maxine Elliott's time has come so near looking and being the winsome, lovable "Phyllis" as is Miss Corinne Francis. Richard Taber is the best "Imp" that ever essayed this difficult juvenile role, and taken all the way through the company is of truly superior excellence.

The matinee prices will be 25 and 50 cents. Seats for the night performance now on sale.

MARITIME MISCELLANY.

Arrival of Vessels Sunday—Others Chartered for This Port.

Schooner Geo. E. Dudley cleared yesterday for New York with cargo from the Angola Lumber Company.

The schooner Harriet C. Kerlin, 468 tons, Capt. Cochran, arrived Sunday with cargo of empty barrels from Boston for the Cape Fear Fisheries Company at Old Brunswick.

The British steamer Turkistan, 2,899 tons, Capt. Paton, arrived Sunday from New York for cargo of cotton from Messrs. Alexander Sprunt & Son. The Turkistan is a new ship and was admired by many at the wharves of the compress yesterday.

The following vessels are chartered for this port: British ship Fitzjames, 1,831 tons, Capt. Fearon, sailed Tocopilla, Sept. 1st. British steamer Armenia, 1,515 tons, Hamburg, Oct. 31st. British steamer Othello, 2,398 tons, Capt. Cox, Liverpool, Nov. 3rd. British steamer Petunia, 1,093 tons, Frankland, Pomaron, Nov. 4th. British steamer Usher, 2,350 tons, Hamburg, Nov. 3rd.

The pleasure yacht Novia, from New York to Miami, put in here Sunday for repairs, having encountered a gale off Hatteras during which a part of her sails were carried away. She has gasolene auxiliary and proceeded under that power.

UNITED STATES VIOLATION.

One-Armed White Man Dudley Turned Over to Commissioner.

Lawrence Dudley, the one-armed white man of previous penitentiary record, now charged with the larceny of grips containing government property from the railway mail clerks' room in the postoffice building last week, was yesterday turned over to United States Commissioner S. P. Collier by Justice of the Peace Furlong who issued the original warrant for his arrest. Dudley is charged with violating Section 5475 of the Revised Statutes of the United States and Section 1600 of the Postal Regulations, the penalty for which is very severe. The prisoner was brought before the Commissioner by Deputy Marshal C. O. Knox yesterday afternoon, but the hearing was continued until 3 P. M. to-day in the absence of Postal Clerk W. J. Dyson to whom one of the grips belonged and who will be the main witness for the government. The circumstances of the theft and the capture of Dudley by Constable Savage are well remembered by readers of this paper. The prisoner was recommitted to jail in default of $300 bond for his appearance before Commissioner Collier this afternoon.

The Mutiny Trial.

It is estimated that exclusive of the running expenses of the court, the trial of the three negro mutineers from the schooner Harry A. Berwind last week cost the government not less than $5,000. All the jurors, including a special venire of 50 in the first case, received $3 per day for the time actually served with mileage from their homes. The same was true of a large number of witnesses many of whom did not go on the stand at all and some of them coming from as far as Philadelphia. Uncle Sam is not penurious in his department of justice and the trial of the mutineers was a necessary expense which the government cheerfully met. There were no developments in the case yesterday.

The Illinois "Homeseekers."

The party of Illinois "homeseekers," who have been here several days prospecting with a view of locating and developing the fine trucking lands in this immediate vicinity, went over to Chadbourn on a special train yesterday morning. A number of fine farms all along the route were inspected and the visitors were shown just what may be accomplished on any of the lands on this coast. It is uderstood that the Prairie State folks are well pleased with what they have seen and heard and that there is a strong probability of the location of a colony of that thrifty people here.

COUNTY'S SCHOOLS

Regular Monthly Meeting of New Hanover Board of Education Last Night

THE CITY INSTITUTIONS

Opening This Year Most Auspicious Ever Known—New District Established in Federal Point—Assistant in Masonboro.

The most interesting feature of last night's regular monthly meeting of the County Board of Education was the reading of the monthly report of Superintendent John J. Blair, of the city schools, for October, the first month of the new scholastic year. In referring to a statistical statement of the attendance upon the several institutions in the city, compared with the same last year, Mr. Blair says: "During my connection as Superintendent with the Wilmington schools, there has never been a more satisfactory or auspicious beginning." During the month the schools showed an enrollment of 151 more white children and 103 more negroes than last year. The attendance at the several schools is tabulated as follows:

	Boys	Girls	Totals
Union 408	521	929
Hemenway 322	385	707
High School .. 52	151	203
Total 782	1,057	1,839
Williston 194	299	493
Peabody 195	285	480
Total 389	584	973
Grand Total ..1,171	1,041	2,812

The enrollment at the five schools last year was as follows:

Union 826
Hemenway 663
High School 199
Total 1,688
Williston 465
Peabody 405
Total 870

The average daily attendance this year as compared with last session was as follows:

	1904	1905
Union 730	812
Hemenway 591	625
High School 186	190
Total 1,507	1,627
Williston 358	381
Peabody 324	365
Total 682	746
Grand Total 2,189	2,373

The showing made by the schools is very gratifying indeed and the figures emphasize in no uncertain way the need of better financial support.

Present at the meeting last night were Mr. Wm. H. Sprunt, chairman of the Board, Capt. Donald MacRae, Mr. George Rountree, County Superintendent of Public Instruction W. Catlett and County Treasurer H. McL. Green.

The monthly report of the treasurer was examined and approved. It shows a balance of $9,832.54 to the credit of the school fund on November 1st.

Mr. W. H. Shearin was appointed a committeeman to fill the vacancy in Castle Haynes District No. 16, vice Mr. C. H. Casteen, who has removed to the city.

A new district was established in Federal Point township where patrons have provided a site and building on condition that the county furnish a teacher. This will be done on Dec. 1st, the district being known as No. 16. It is bounded on the north by the city limits, on the west by the river, on the south by the Masonboro and Federal Point township line and on the east by the old Federal Point road. Messrs. B. M. Wilson, Owen Martindale and George Tatum are named as committeemen for the district.

Colored patrons in District No. 3, Myrtle Grove, having removed and repaired their school building, a teacher was placed in charge, beginning yesterday.

A petition from District No. 4, Masonboro, asking that an assistant teacher be employed, was read. It was pointed out that the attendance was 52 with a daily average of 46 and that it was utterly impossible for one teacher to properly instruct that number of pupils. It was ordered that an assistant teacher be employed so long as the average attendance remains approximately what it is now.

It was reported that the East Wilmington School had raised $5 for a supplementary library, thereby being entitled to an additional $5 from the State and a like amount from the county. The Board adjourned subject to call.

MRS. MARY F. BLAND DEAD.

Passed Away Yesterday Afternoon at Residence, North Fourth Street.

Mrs. Mary Francis Bland, wife of the late George T. Bland, passed away at 12:50 o'clock yesterday afternoon at the home of her mother, Mrs. S. H. Terry, No. 815 North Fourth street, after a severe illness of three weeks. The news will be received with sadness by friends of the family here and elsewhere. Mrs. Bland was about 27 years of age and leaves to mourn their loss her mother, a brother, Mr. W. R. Terry, of Raleigh, who will arrive to-day to attend the funeral, and two little sons, Earl and George, aged 4 and 8, respectively.

The funeral will be conducted from the residence at 3 o'clock this afternoon from the residence by Rev. J. A. McKaughan, assisted by Rev. A. D. McClure, D. D., and the interment will be in Oakdale cemetery. Mr. Charles Baldwin, a brother of Mrs. Terry, was expected last night from Whiteville, to attend the services.

Better sit to-day; that pleasant expression may pass away. Visit The U. C. Ellis Sudio. Southern Building. **

COL. WADDELL IN GOLDSBORO

Addressed Large Audience There Last Night on High License Question—Liquor Election To-Day.

A long distance telephone message to the Star late last night from Goldsboro, where an election will be held to-day to displace prohibition by a high license control of the liquor traffic, states that the vote will be very close indeed; that the indications are that the city will remain prohibition, however, by a very much reduced majority, the reason assigned being that the high license advocates began active campaign work too late.

Col. A. M. Waddell spoke in the Messenger Opera House there last night to a crowd of more than 800 and ex-Governor C. B. Aycock addressed an audience of 1,000, principally ladies, in one of the city churches. Col. Waddell's address was in favor of high license and strict police regulation as the most practical solution of the temperance question and Governor Aycock advocated the retention of prohibition.

At the Opera House a brass band played on the outside and an orchestra furnished music for the speaking. Great enthusiasm was manifested among Col. Wadell's hearers and cheer after cheer greeted his remarks. He was introduced by J. L. Barham, Esq., of the law firm of Dortch & Barham. He paid a fine tribute to his native City of Wilmington as the most orderly town of its size in the South. Under a high license solution of the liquor problem, there was less crime, taxes had been reduced from $3.96 to $2.00 on the poll and from $1.60 to $1.50 on property, while there was advancement and progress along all lines. This condition of affairs was contrasted with Goldsboro, where the tax on property and poll was to the limit allowed by law; scarcely no public improvement and a deficit inevitable.

Col. Waddell was followed by W. T. Dortch, Esq., who made a ringing speech along the same lines. The campaign is warm, according to the report, and a heated election is expected to-day.

AN AFRICAN CROESUS.

Charley Benton Held for Feliously Appropriating Lost Pocketbook.

Charles Benton, the negro boat hand charged with feloniously appropriating to his own use some $200 in money from the pocketbook lost by Capt. Charles Wessell, on his steamer, the Rosa, was given preliminary trial before Justice Furlong yesterday and was recommitted to jail in default of $200 bound for his appearance at the next term of the Superior Court. Benton made no statement in explanation of the testimony of several witnesses that he had been seen with a big wad of greenbacks which he was spending recklessly, offering to pay one negro's way to Norfolk if he would go with him there. One witness said in explanation of the large sum of money he had, Benton told him he had held up a white man and robbed him of it. None of the money was recovered by Capt. Wessell.

The gain in new building and industry in North Carolina is greater than at any period in the State's history.. The North Carolina Home Insurance Company, of Raleigh, N. C., should receive its proposition of this prosperity as compared with the percentage of new business given to it in periods of less industrial activity. Give it the insurange on the desirable new properties you have to offer. It will help to build up our home State and continue the great era of prosperity now enjoyed by our people.

THE MEAT TRUST.

The Meat Trust is something that gets next to all of us and is hitting the pockets of everybody. The people have been looking for relief from the trust-busting department of the government but after an effort lasting something like a couple of years the Meat Trust is doing business at the same old stand. In the meantime the producers of cattle get less for their stock and the consumers of meat have to pay more for what they put on their tables. So far the government has not succeeded in busting the Meat Trust but has simply been "deviling" the aggregation of packers. As we have to keep up with what is being done to the trust, we reproduce this editorial from the Brooklyn Citizen:

"A disposition to save the principals in the Meat Trust from the humiliation merited by their violations of law and decency in the course pursued to victimize the producers and consumers of meat, is manifesting itself in Administration circles. Now that Commissioner Garfield denies having promised them immunity from prosecution if they would show him their books and testify to the truth, it is asserted that they ought to be protected because the greater part of the evidence against them was obtained from their officers who are now on trial.

"This means that if anybody is to be convicted, it is the officers who are to be made scapegoats, although their offense was in obeying the orders of employers. But, meantime, the Trust methods continue, and because meat competition is still shut off from foreign countries by tariff, the plundering of producers and consumers goes on the same as before the inquiry and prosecution were started.

"This is the feature of the case that most impresses because it most concerns the public. The punishment of the wholesale dealers in beeves, sheep and swine, and the by-products of various kinds derived from them, whose conspiracy to set aside the natural laws of trade has brought about conditions that deprive those who cannot afford to pay the swindling prices charged of one of the necessaries of life, and that force from those who can extort profits amounting to many million dollars a year, has been richly earned.

"Yet, while nobody doubts that the case against them has been clearly proved; while it is now alleged that it was all revealed and admitted to the President in a two days' talk with their representative more than two months ago, and while the relief of the public from their extortion is concededly the purpose of the inquiry and prosecution begun under the laws they have violated, they have actually raised the price of meats since the inquiry began, and there is no relief in sight because the tariff 'standpatters' in control refuse to open the door, even ajar, to foreign competition."

It is saying a good deal to declare that the Administration is endeavoring to save the principals from humiliation, which, interpreted, means save them from going to jail, but it will be observed from this prosecution of the Beef Trust just how hard it is to bust a trust created under and by the tariff policy of the Republican party. It is expecting too much of the Republican party to encourage and build up a great industry by protection and then ask that party to nag at the industry to make it let up on the people a little. The people engaged in the meat business have taken the Republican party at its word and has availed itself of the advantage of all the protection it gives them in a 25 per cent. tariff, and certain it is that nothing so clearly illustrates how the Republican party builds up the industries by a tariff which lets the already stuffed millionaires help themselves out of the pockets of the people. It takes from one class and gives to another.

The Adminstration has been trying to do trust busting without enforcing the criminal clauses of the Inter-State Commerce Act, notwithstanding the fact that Col. Bryan long ago told the powers at Washington that a criminal prosecution would be the only thing that the trusts would consider a meat axe argument. Criminal prosecutions may deter the trust principals from violating the letter of the law, but it won't make them give up the 25 per cent. protection which the Republican party levies for them and which it intended that they should have. Even putting the packers in jail won't lower the price of beef, but a swipe at the meat tariff might do it. However, the Democratic party is the only party which could be expected to give relief in that particular.

THE RALEIGH POST SUSPENDS.

The Star parts with the Raleigh Morning Post with keen regret. That esteemed contemporary suspended with its issue last Sunday, after a career of seven years. During that career the Post has been a most excellent paper and at no time was it better than under the able management of Editor Phillips. His paper, however, with all its excellence, could not get the Associated Press dispatches, and not being able in that particular to meet the public demand, its suspension was decided upon. The Raleigh Evening Times takes over the equipment and good will of the Post, and the subscribers of the defunct paper will have the good fortune of being put on the list of the State capital's progressive and superior evening paper. No doubt the ability and experience of Editor R. M. Phillips, of the Post, is an assurance that he will soon be in harness somewhere again. We hope so.

CURRENT COMMENT.

—Mr. John M. Pattison may now get ready for a presidential boom. Any Democrat who can be elected governor of Ohio is an ex-officio presidential possibility.—Atlanta Journal.

—After all, the public will still have its doubts as to which Republican paper in North Carolina selected the most appropriate name.—Durham Herald.

—Hearst accuses Tammany of perpetrating frauds on election day, and will therefore contest McClellan's election. The Tiger has been up against such charges before, but the provocation to do wrong was perhaps never quite so great.—Charlotte Observer.

—It is safe to say that the South Carolina farmers have, as a rule, already paid the debt incurred in making the crop of 1905, and it is further within a conservative estimate to say that these farmers still have in their hands unsold twenty-five million dollars' worth of cotton!—News and Courier.

—Former Senator McLaurin is of the opinion that the Democrats would nominate Roosevelt if it were not for the negro. But for that "if" there is no telling what might have occurred in the past of the politics of this country or what might happen in the future. That little word, however, will keep present political alignments pretty straight for some time to come yet.—Columbia Record.

—Governor Douglas, of Massachusetts, knows something about the problems that confront a manufacturer, and he said in a speech in Springfield that he would gladly give up the duty of 25 per cent. on shoes "for free hides and free sole leather. If the handicap of taxed leathers were taken away I could manufacture shoes as cheaply as any foreign manufacturer and could safely meet the competition of the world."—Oswego Palladium.

TWINKLINGS.

—"Can you see anything to commend in that insurance director's career?" "Well," answered the man who tries to be charitable, "he was mighty good to his family."—Washington Star.

—A Scotch domine, after telling his scholars the story of Annaias and Sapphira, asked them: "Why does God not strike everybody dead that tells a lie?" After a long silence one little fellow exclaimed: "Because there wouldn't be nobody left."—New York Times.

—Foreigner—"What astonishes me most of all is the number of schooting affrays I hear about. Haven't you any laws in this country against carrying concealed weapons?" Native— "Yes, but they are intended merely to keep good citizens from carrying them."—Chicago Tribune.

—"That will do," said Mrs. Hiram Offen, sternly, "you wil leave on Saturday and you deedn't bother me about a recommendation!" "Faix," replied Bridget, "Oi hov no intintion o' givin' ye a recommindation. Oi'll tell the truth about ye to ivery girl thot axes me."—Philadelphia Press.

—"Does your wife insist on having the last word?" asked the person who indulges in impertinent questions. "Not at all' answered Mr. Meekton. "It is quite customary for me to close the conversation with 'very well,' or some such remark to indicate that I understand what Henrieta intends to convey.—Washington Star.

—"Miss Mabel," began Mr. Makinbrakes, with a perceptible tremor in his voice, "I lack words to tell you how completely your image fills my heart. From my boyhood I have always had a weakness for charming brunettes—" "Call it a weakness, sir!" exclaimed the young woman, rising to her feet and walking haughtily and indignant ly from the room.—Chicago Tribune.

THE COTTON MARKET.

New York, Nov. 13.—The cotton market was very active and excited with transactions during the first hour on a larger scale than for weeks past. Later it was not so active and the market ruled irregular but the close was easy at a net decline of 33 to 38 points. Sales were estimated at 800,000. The opening was weak at a decline of 21 to 25 points in response to a very weak set of Liverpool cables which showed a decline of 13 to 14 points when an advance of 6 or 8 points had been expected, and apprehensions arising from unsettled conditions in money circles. Sentiment here was exceedingly nervous and unsettled, and while there was good buying on a scale down, attracted by reports that the Secretary of Agriculture had given out an interview placing the crop at about 10,000,000 bales and by a wire from Atlanta to the effect that the Southern Cotton Association was advising holders to ask 15 cents for their supplies, the decline was not checked until January had sold at 10.95 and March at 11.12 or 34@39 points net lower. This was followed by a recovery of 8 to 10 points in the afternoon but the market again sagged off in the late trading under renewed liquidation and bear pressure, with the close at practically the low point of the day. A message received from Secretary Wilson by the Exchange officials during the late trading stated that the interview given out by him was to the effect that the recent condition report pointed to a crop of over 10,000,000 bales.

Receipts of cotton at the ports today were 53,996 bales against 64,314 last week and 71,735 last year. For the week estimated 375,000 bales against 364,589 last week and 385,236 last year. To-day's receipts at New Orleans 14,511 bales against 21,463 last year and at Houston 9,452 bales against 14,114 last year.

Spot closed quiet 25 points lower; middling uplands, 11.40; middling gulf, 11.65; sales 1,255.

GENIUS BEING RUINED

Drink Habit Takes Away Power of Resistance of Some Men

ABSOLUTE REMEDY OFFERED

Keeley Cure is No Myrth—One Who Says It Can Restore Men to Brave, Strong, Useful and Efficient Lives.

The Keeley Institute, Greensboro, N. C.:

The man who drinks is not wanted in any responsible position in life. It is become to be understood that the man who drinks will sometimes drink to excess, and often when the greatest emergency is presented.

To-day there is a large percentage of the most efficient genius and skill that is being ruined by the use of habitual drink. These poor, but splendid men are slaves, to their own astonishment, and still the demon is continuing to fasten his unyielding fangs into their very vitals. Many of them wish to stop and get free again, but the power of resistance is overcome, and naught but wreck and ruin stare them in the face, and horror is depicted upon many a manly countenance, who does not know there is an absolute remedy, an absolute and perfect cure where hope and consious, happy satisfaction reigns without a fear. The Keeley cure is no myth; it is no dream; but a most resplendent reality, a joy, where sorrow was supreme—a heaven, where hell was a certainty in all its hideeousness—happy home, where despair occupied the throne. The Christian religion does not cope with the salvation of the poor inebriate whose power of resistance has been shattered. Home and friends are made happy by the one month's treatment with your splendid panacea.

Would to God that I could burn it into the hearts and souls of men who have become addicted, either from social, hereditary, or other causes, to the liquor habit, to enter, if only for a visit, the scenes of your sanitarium, and see for themselves the blessing you are bestowing upon stricken humanity, that they might rise in their might, and with the strength and power you are daily and hourly giving out, seize the golden opportunity within the reach of all sufferers, and become brave, strong, useful and efficient workers in the great fields of industries and professions that are growing and crowning this 20th century with such gorgeous wonderment to the world of mankind. God bless you and your splendid coterie of helpers in this great and noble cause for the redemption of fallen man.

Greenville, N. C., Dec. 9, 1904.

GOVERNMENT CROP REPORT.

Condition of Cotton Has Deteriorated to 68.8 Per Cent.

By Wire to The Morning Star.

Washington, Nov. 10.—The crop reporting board of the bureau of statistics of the Department of Agriculture finds:

Preliminary returns on the production of corn in 1905, indicate a yield of about 2,707,993,540 bushels, or an average of 28.8 bushels per acre. The preliminary estimate of the average yield per acre of tobacco is 813.5 pounds, as compared with the final estimate of 819 pounds in 1904; 786.3 pounds in 1903 and a six-year average of 745.1. The average as to quality is 87.3 per cent. as compared with 89.5 per cent. one year ago, and 85.9 per cent. in 1903.

The preliminary estimate of the average yield per acre of rough rice is 29.6 bushels, against the average yield of 31.9 bushels in 1904 and 32.7 bushels in 1903.

The estimated condition of cotton harvested and not harvested as reported on November 1, 1905, is 68.8 as compared with 71.2 on September 25, 1905. As this is the first time a condition report has been made in the month of November, no comparisons can be made with conditions and figures of previous years or within a ten-year average.

The following table shows the condition of the cotton crop by States on November 1, 1905:

State	Per Cent.
Texas	68
Georgia	73
Alabama	69
Mississippi	64
South Carolina	73
Arkansas	67
Louisiana	55
North Carolina	76
Indian Territory	73
Tennessee	76
Oklahoma	74
Florida	73
Missouri	77
Virginia	77
United States	68.8

At Washington yesterday the American Hardware Manufacturers' Association endorsed President Roosevelt's plan for railroad rate legislation. The convention also agreed to a resolution approving "a plan to reorganize the American consular service on a strictly business basis." The association elected F. S. Kretsinger, of Cleveland, president, and decided to meet at Hot Springs, Va., six months hence. The National Hardware Association elected W. S. Wright, of Omaha, president.

Mrs. Winslow's Soothing Syrup has been used for over 60 years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It will relieve the poor little sufferer immediately. Sold by Druggists in every part of the world. Twenty-five cents bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind. **

FINE CLOTHES OF STYLISH QUALITY.

Being well dressed isn't a question of spending a lot of money—isn't a question of going to the right store. Most any store has fairly good suits as far as thread and cloth are concerned—getting distinctive style and real fit is another matter.

But that's what you get here at a price you can easily afford. In fact you can't afford not to wear the kind of clothes we sell. The mere rise in your own estimation and others that our STROUSE clothes give you—that prosperous, well-groomed look—is the biggest kind of a cash asset to any man.

The picture shows one STROUSE style. Many others costing from

SPIRITS TURPENTINE.

—Thad Manning, of Ahoskie, mysteriously disappeared some seventeen months ago and until Friday night not a trace could be found of him. Found in a well, the body was taken therefrom on Saturday and identified by his wife and friends.

—At the Western North Carolina Conference at Greensboro on Sunday, the announcement of a bequest of $5,000 from the late Washington Duke was made. This money goes to what is known as the conference fund, being used for the benefit of the superannuated preachers.

—The Randleman Manufacturing Company's picker house, at Randleman, was destroyed by fire Friday night. The building was detached from all others, and the loss fully covered by insurance. By using pickers at the Naomi factory neither of the Randleman plants will shut down but for a few days.

—Rev. James A. Dorritee, pastor of Westminster church, Charlotte, is lying at the point of death. He returned recently from San Antonio, Texas, where he had been for some time because of his physical condition. Mr. Dorritee is the victim of consumption, and it is feared that he cannot survive many days.

—Mr. John W. Wilborn has been awarded the contract to secure the names of all the people in High Point and also those of school age. It is believed the census will show a population of about nine thousand, which, added to the suburban population which is really all High Point, will make a population of at least 10,500.

—A charter has been granted the Morganton Furniture Company, capital stock $125,000, the stockholders being J. MacNaughton and N. H. Hall, of Marion, and several Morganton men. Work on the buildings will begin at once. Messrs. MacNaughton and Hall, of Marion, will sell their lumber business at that place and put their entire capital in the furniture business at Morganton.

—Squire D. G. Maxwell tells the Charlotte observer that on a tract of land in Crab Orchard township is to be found the finest fresh water spring in the country. At the base of a small hill, surrounded by all that is beautiful in nature, the spring is to be seen to-day as it was a half century ago. The water bursts out of the ground and lifts itself in a miniature fountain at least 4 inches above the surface of the spring.

—Raleigh News and Observer: The joint convention of the North Carolina Pine Association and the South Carolina Pine Association will be held in Columbia next Wednesday. The object of the meeting is to consumate a consolidation of the two organizations. The convening lumbermen will be welcomed by Governor Heyward, of South Carolina, at the morning session. It is announced that Governor Glenn will be a guest of honor.

—Richard C. Hart, employed with the double-tracking force of the Southern Railway, was struck by fast train No. 36 Sunday afternoon near Stokesland. He was standing on the main line signalling the crew of the work train and did not notice the approach of the passenger train, and was struck by the engine and knocked a distance of fifteen or twenty feet. When picked up a few minutes later by fellow-workmen he was dead, a large hold bing cut in the back of his head and an arm broken. Deceased was 26 years old and was a resident of Danville.

—A dispatch from Lexington on Sunday says: A fight at a corn shucking last Wednesday night near Linwood, resulted in the death of David Ellis, colored. While at the shucking, and more or less under the influence of corn whiskey, Ellis and another negro, Green Kindley, got into a controversy over some corn. Ellis cursed Kindley and stabbed him with a corn husker, the weapon having a sharp point. Kindley jumped on Ellis and stamped him so badly that he died next morning. Kindley is now about to die, as results of stabs by Ellis, but has been arrested. It is said Ellis' death was largely due to fear that he would be tried for murdering Kindley.

—Raleigh News and Observer, Nov. 12th: The following telegram received in this office yesterday afternoon explains itself: "Newbern, N. C., Nov. 11, 1905., Josephus Daniels, Raleigh, N. C.—Have returned here from Jones county and heard of newspaper report that I bought whiskey from Glenn Williams' Distillery. The report is unqualifiedly false. F. M. SIMMONS." At 3:30 last night our Greensboro correspondent wired as follows: * * Among the names read out as consignees of Old Nick Express packages were John Yerkes, the United States Commissioner of Internal Revenue, but it was a John Yerkes, of Florida, and F. M. Simmons, one of North Carolina's U. S. Senators, father of the Watts law, which broke up country distilleries in North Carolina except Old Nick; father at the last Legislature of the Ward law, which causes Old Nick to go out of business next January, but this was a South Carolina Simmons."

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

"I Thank The Lord!"

cried Hannah Plant, of Little Rock, Ark., "for the relief I got from Bucklen's Arnica Salve. It cured my fearful running sores, which nothing else would heal, and from which I had suffered for 5 years." It is a marvelous healer for cuts, burns and wounds. Guaranteed at R. R. TESTS PATIENCE

The Most Patient Wilmington Citizen Must Show Annoyance at Times.

Nothing spoils a good disposition.
Nothing taxes a man's patience,
Like any itchiness of the skin.
Itching Piles almost drive you crazy.
All day it makes you miserable,
All night it keeps you awake.
Itch! Itch! Itch! with no relief.
Just the same with Eczema.
Can hardly keep from scratching it.
You would do so, but you know it makes it worse.
Such miseries are daily decreasing.
People are learning they can be cured.
Learning the merit of Doan's Ointment.
Plenty of proof that Doan's Ointment will cure Piles, Eczema or any Itchiness of the skin.
Read the testimony of a Wilmington citizen.

H. Cronenberg, Photographer, of 119 1-2 Market street, says: "I used Doan's Ointment and it did its work promptly and permanently. I had a rash all over me, and no knows how I suffered. It was like being in the infernal region and I could get no relief. I did not dare scratch because that made it worse. I tried everything but only to be disappointed. Some one told me about Doan's Ointment and I procured a box at R. R. Bellamy's drug store. I went home and applied some of the ointment, and I can say brought the first relief I had had for a long time. I can only add that it is a preparation of great merit."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Man's Unreasonableness

is often as great as woman's. But Thos. S. Austin, Mgr. of the "Republican," of Leavenworth, Ind., was not unreasonable, when he refused to allow the doctors to operate on his wife, for female trouble, "Instead," he says, "we concluded to try Electric Bitters. My wife was then so sick, she could hardly leave her bed, and five (5) physicians had failed to relieve her. After taking Electric Bitters, she was perfectly cured, and can now perform all her household duties." Guaranteed by R. R. Bellamy, druggist, price 50c. **

Coal--Wood--Coal

A Convenient Way to Buy Coal.

We have a constantly increasing number of customers who purchase their Winter's coal supply as they are able. When they have the price, they buy a ton, pay for it, and have it sent home. A little later on they get another ton and so on until their full supply is all in. Doing it this way the weight of the whole purchase is not felt. At the same time they have their fuel supply laid in and paid for ready for use before the Winter comes.

If you cannot order your whole supply at once try this plan. We are as pleased at receiving an order for one ton and give the same attention as one for a large quantity.

INLAND WATERWAY BEING INSPECTED

Engineers Started at Norfolk Yesterday, visited Edenton and Elizabeth City Looking Over Route.

By Wire to The Morning Star.

Norfolk, Va., Nov. 13.—After a brief conference this morning, with Captain E. E. Winslow, United States engineer in charge of this section, the board of army engineers composing the Inland Waterway Board, which is to inspect the proposed inland water route from Norfolk to Beaufort, N. C., left for Edenton, N. C., where a hearing was held during the afternoon. The board is composed of Col. S. S. Leach, Washington, D. C.; Capt. C. A. F. Flagler, Wilmington, Del., and Capt. G. P. Howell, of Charleston, S. C., all of the United States Engineering Corps.

At Edenton, the board was met by Senator Simmons and Congressman Small, of North Carolina, and from that point went to Elizabeth City, where a hearing was held last night There they will board the department yatch McGregor and via Dismal Swamp canal, return to Norfolk, arriving to-morrow at 2 P. M.

To-morrow night at the Board of Trade rooms a hearing will be held by the board and a number of Norfolk men will be heard from in reference to the proposed inland water route. Wednesday morning the board will embark in the McGregor, going through the Albemarle and Chesapeake canal inspecting the proposed route.

ROYAL ARCANUM TROUBLES.

Massachusetts Attorney General Refuses to Join Injunction Proceedings.

By Wire to The Morning Star.

Boston, Mass., Nov. 13.—Attorney General Herbert Parker decided today that he would not lend his name to a petition for an injunction by members of the Royal Arcanum against the supreme officers of the order, restraining the latter from putting the new assessment schedule into operation. The attorney general concludes that stockholders who dissent from the supreme council's ruling have a remedy in carrying their petition to a court of equity. State Insurance Commissioner Cutting who sat with the attorney general in the case, concurs. The petitioners sought the use of the attorney general's name in their injunction proceedings, on the ground that the attorney general was the proper person to take up the matter of injunction proceedings. Counsel for the order contended that the attorney general has no legal right to interfere and that every policyholder and member had adequate and perfect remedy at law.

HOLD COTTON FOR 15 CENTS.

President Harvie Jordan So Advises Because of Short Crop.

By Wire to The Morning Star

Atlanta, Ga., Nov. 13.—President Harvie Jordan of the Southern Cotton Association, in an interview this morning says:

"The open declaration of Secretary Wilson of the Department of Agriculture that the recent condition report of 68.8 is 'accurate and trustworthy' and 'which shows that the year's crop will be in the neighborhood of only 10,000,000 bales,' should knock out all high estimates and put everybody down on the working basis of a short crop. Secretary Wilson's estimate confirms the report made by this association some time ago, predicting a crop of about ten million bales. As this report is confirmed by accurate information from the two more reliable sources, it is unquestionable that the remainder of the crop now in the hands of the planters should not be marketed for less than 15 cents a pound. I shall at once issue a proclamation advising this course."

NEW RAILROAD IN VIRGINIA.

Richmond, Rapphannock and Eastern Railroad to Be Built.

By Wire to The Morning Star.

Richmond, Va., Nov. 13.— G. W. Carhart, of New York, and R. V. Hilands, president of the Hilands-Gilleson Company, of Philadelphia, are here with H. Chester Johnson, of Philadelphia, their counsel, and say they have become the owners of the old Richmond and Tide Water Railway franchise, and will build the road. The line has been surveyed from Ellerson's, on the Chesapeake and Ohio railway in Hanover county; Urbana, on the Rappahannock river, and the new owners say they will at once begin the work of grading at Ellerson's, and by December 1st. will have three hundred men at work. They have named the new road the Richmond Rappahannock and Eastern. The capital stock is given as $1,250,000, and it is said the bonds have all been taken by a leading trust company in Philadelphia.

TOBACCO TRUST MAKES SCOOP.

Louisville Tobacco Concern Has Been Absorbed—Stock Advanced.

By Wire to the Morning Star.

Louisville, Ky., Nov. 13.—The Evening Post says:

At a meeting Saturday "the pool working in Louisville Tobacco Warehouse common stock gave an option on their holdings, which are said to constitute control to an eastern syndicate, at 100. The syndicate in question is said to be identified with the Continental Tobacco Company, the leaf and plug department of the so-called Tobacco Trust. It is reported the members of the pool have agreed to retain their holdings on January 15. A committee of three was appointed to negotiate the deal for the sale of the property. In consequence of the reported deal Tobacco Common rose 5 1-4 points on the exchange today, selling at 70."

PRINCE LOUIS IN NEW YORK

American Metropolis Gave British Admiral Tremendous Ovation Last Night

HE ATTENDED HORSE SHOW

Society People, Men and Women, Cheered His Highness—Remarkable Scene at Dinner to British and American Sailors.

By Wire to The Morning Star

New York, Nov. 13.—"Blood is thicker than water." Written on the frontispiece of the menu cards, this famous saying of the American naval officer, Tatnall, never found more impressive expression that it did to-night at the dinner on the Bowery at Coney Island while the enlisted men of the squadron of the North Atlantic fleet gave to the enlisted men of the second squadron of his Brittanic Majesty's navy, commanded by Rear Admiral Prince Louis of Battenberg. It was the key note of the cheering with which the 2,500 British and American sailors made the great pavilion ring to the echo. It was the toast to which they drank across the long tables which stretched down the great hall beneath the overhanging British and American flags. It is the theme of the speeches that accompanied the cigars and the beer of this mammoth feast, unique in the history of all navies, and which will long furnish the theme of yarns on many a British and American berth deck.

Three cheers were given to rear Admiral Prince Louis and then to Rear Admiral Evans. Leaving the dinner for a few moments, the Admirals went into the balcony and gazed upon the impressive scene. Every sailorman was on his feet twirling his cap aloft, and led by a quartermaster at the end of the hall, the mighty company cheered as only British and American sailors can cheer— clean cut altogether and far-reaching, until the sounds re-echoed across the seas that beat on Coney's shore. Another inspiring scene ocurred when after eating a hearty dinner, exactly the same as that to which each sailor sat down, the two Admirals came down the center of the pavilion between the solid ranks of cheering blue jackets. This ovation which Admiral Prince Louis and Admiral Evans received at parting touched them peedly. The Prince had an engagement at the horse show, and and was compelled to leave the banquet early. As he did so, he stopped to congratulate Chief Quarter Schumaker, of the Maine, who, as chairman of the committees on arrangements and reception, had charge of the preparations for the dinner. The Prince then shook hands with each of the "side boys" who were lined at the entrance to pipe the two Admirals "over the side."

"You have given me and my men a splendid evening," the Prince said as he passed between them, "and I thank you for myself and for the men. Blood is thicker than water, and we are glad to be ashore," he added paraphrasing the hearty sentiment. "Glad to see you ashore, which followed Tatnall's famous phase on the menu card's first page.

Prince at the Horse Show.

Madison Square Garden held what was declared to be its most brilliant assemblage to-night when Rear Admiral Prince Louis, of Battenberg, lent his presence as an added distinction to the formal opening of the twenty-first annual horse show under the auspices of the National Horse Show Association. The Garden had been open during the day and judging of various classes had been in progress, but it remained for the evening to give to the show its social impetus and spectacular effects.

Prince Louis' arrival was the signal for a remarkable demonstration. Long after he had entered the President's box at the Madison avenue end of the great amphitheatre, he was kept standing bowing to right and left, his asknowledgement of the cheers and plaudits that came from thousands of men and women representative of American social life. For the time being the finely bred horses were entirely forgotten. All eyes were turned towards the Prince's box as he sat, surrounded by the members of his personal party, an interested spectator of the scene that was unfolded before him.

Mrs. John Gerken, a prominent figure at the Eastern Horse Shows, was one of the exhibiting owners and her horses in nearly every class entered, were among the prize winners.

Reginald Vanderbilt and Eben D. Jordan, of Boston, are also prominent among the exhibitors. The Virginia stock farms have sent up an exceptionally large number of horses, while Kentucky is well represented.

Two classes had been judged to-night and eight high stepping tandem pairs were on the tan bark when the first strains of "God Save the King" came from the band as a signal of the approach of Prince Louis. Throughout the evening the thousands in the Garden had been on edge awaiting the arrival of the guest of the evening. As a mark of respect to the British national anthem, and in eagerness to catch a first glimpse of the Prince, the throng rose to its feet. In another moment Prince Louis was seen leading the way to the boxes which had been set apart for his party, and a great cheer went up. All during the playing of the anthem the cheering and applause continued. The Prince stood silently at the entrance of his box, gazing out upon the unusual scene. As the last strains of the music died away, the Prince stepped forward and the cheering was renewed, and this time in greater volume and more enthusiastically than had been the first greeting. Again and again the Prince was compelled to bow his acknowledgments.

By 10 o'clock the fifteen rounds of beer which each sailor received had been disposed of and the men started out to do Coney Island. Many of the amusement places opened up in honor of the visitors. At midnight the shooting galleries, the beer gardens and other attractions were doing a midsummer business and the 2,500 sailors were having the time of their lives.

CITIES CAN MODIFY WATERWORKS RATES

Important Decision of Supreme Court of United States—Case Sent —up From Florida.

By Wire to The Morning Star

Washington, Nov. 13.—In an opinion by Justice Holmes, the Supreme Court of the United States today affirmed the decision of the Supreme Court of the State of Florida in the case of the Tampa Waterworks Company vs. The City of Tampa, holding that the city authorities have authority to modify rates to be paid for water. Justices Brown and Peckham united in a dissenting opinion.

In this proceeding the waterworks company brought suit in the Circuit Court of Hillsboro, Fla., to enjoin the City of Tampa from enforcing an ordinance reducing the rates for water supplied by the company. The company pleaded an unexpired thirty year contract, at fixed rates, of which it was claimed the ordinance was a violation and therefore contrary to the constitution. The ordinance was upheld by the Circuit Court and also by the State Supreme Court. Delivering the opinion of the court Justice Holmes said:

"The case stands on the single ground of contract. There is no allegation that the rates fixed by the new ordinance are unreasonable or that their effect will be to destroy or considerably impair the value of the plaintiff's property. Although the fourteenth amendment is invoked, no case is made out under it on any other ground than that the obligation of a binding contract is impaired. The single question is whether the city of Tampa is bound for thirty years from the date of its agreement to permit certain specified rates to be charged, even if they have ceased to be reasonable. We are not prepared to say that the Supreme Court of Florida was wrong in deciding that it is not bound under the Florida constitution and laws.

UNION COTTON MILLS TROUBLES

Application to Have President Duncan Declared Bankrupt.

By Wire to The Morning Star.

Charleston, S. C., Nov. 13.—In the District United States court today a petition was filed in bankruptcy by Representatives of the Union and Buffalo Cotton Mills and Exchange Banking and Trust Company of Charleston, praying that Thomas C. Duncan be adjudged a bankrupt. In the lengthy document which is to be served tomorrow and is returnable November 27 is alleged that Duncan, lately president of the two mills mentioned, is insolvent, owes $528,294.16 to the creditors mentioned who are entirely unprotected, and has been disposing of property to certain creditors, thus giving prefernce to the deteriment of the other creditors.

In Atlanta yesterday at noon T. Z. Justice, a white man was captured by a mob of negroes charged with criminal assault on a negro girl. Justice was threatened with violence and the mob increased to more than a thousand demanding that he be lynched. A strong force of police rescued Justice and took him to police headquarters.

NO OPENING OF BALLOT BOXES.

McClellan's Defense Hinges on Decision of Judge Parker.

By Wire to The Morning Star.

New York, Nov. 13.—At a meeting held tonight at the offices of Alton J. Parker, at which were present twelve attorneys all of whom have been retained to represent Mayor McClellan tomorrow when the board of county canvassers will meet it was decided to rely entirely on the existing election decisions and the law as it is recorded in the statutes. Mr. Parker pointed out that there was only one question involved and that was covered by the decision of the Court of Appeals which was written by him. He said that it was a dangerous practice to open the ballot boxes and in his opinion it was not within the province of the law.

BALLOT REFORM IN NEW YORK.

Reformers Seeking to Have Form of Massachusetts Law Adopted.

By Wire to The Morning Star

New York, Nov. 13.—The joint committee on ballot reform, composed of representatives of the City Club, the Reform Club; the Citizens' Union; the Independent Club of the twenty-first assembly district, and citizens from other portions of the State, today resolved to push the ballot reform bill introduced in the Legislature in 1901 in 1902 and 1903 by Senator Elsberg, and a committee was appointed to make such amendments to the law as the amendments to the election last year make necessary and to invite suggestions from all sources. It is stated that the committee favors the Massachusetts ballot with the names of candidates in alphabetical order, plus the party emblem.

WARM WIRELETS.

At Havanna, it is believer that the Cuban government fears a coup d'etat, as the number of police at the palace has recently been trebled and for the last two nights the policemen have been compelled to sleep on the palace floor.

The Japaneses government has decided to immediately issue a new foreign loan of $250,000,000 at 4 per cent., which will be used partly for the redemption of the international loans. It is understood that France will participate to a considebable amount, the Rothschilds' Paris house being the issuing house there.

The dinner tonight was a return courtesy for the entertainment which the men of the squadron recieved when in England several years ago. Each of the guests at the dinner wore a badge showing the Stars and Stripes and the Union Jack crossed underneath a picture of the flagship Maine.

While the men made merry at Coney Island the warrant officers of the British squadron entertained the warrant officers of the American ships at a ball on the Drake.

In New York yesterday Harry A. Leonard, the young Wall street clerk who stole $350,000 worth of securities from the City National Bank recently, was sentenced to 14 months imprisonment in Elmira Reformatory. He plead ed guilty and Judge Mahon in giving sentence said he believed the boy's story that he took the securities as an object lesson to Wall street of the ease with which such thefts might be made. All the stole securities were recovered.

Insurance Investigating Committee Wants Him But He Remains in Europe

HE LOBBIED LEGISLATURES

President McCall, of New York Life, Ordered to Command His Lawyer's Return—Insurance Official Will Pay $231,000.

By Wire to The Morning Star.

New York, Nov. 13.—John A. McCall, president of the New York Life Insurance Company, was called before the Armstrong Committee of insurance investigation to-day, and peremptorily ordered by the committee to demand the return from Europe to this country of Andrew Hamilton, the lawyer, who had charge of the legislative matters of the New York Life. Mr. McCall was further ordered to demand an accounting for Hamilton of the moneys expended by him and of the balance which he owes the New York Life. Mr. Call denied that it was the policy of his company to have Mr. Hamilton remain abroad until after this investigation had been concluded and said that on the contrary he would very much like to have Mr. Hamilton return.

Mr. McCall, replying to Mr. Hughes, counsel for the committee, said he had called the attention of the board of trustees of the company to his testimony before the committee relative to Hamilton, and gave Mr. Hughes a copy of his statement, which said that if Hamilton did not return to the New York life the sum of $235,000 by December 31st, he would himself pay it to the company.

Another interesting line of examination was opened up just before the adjournment for the day when John McQuinness, an employee of the Equitable Life, was called. He produced letter books and memoranda which Mr. Hughes read and was in the midst of reading when adjournment was taken. These were instructions from former Comptroller Thomas D. Jordan, of the Equitable Life, to A. C. Fields, relative to the killing or assisting the passage of every bill introduced into the legislature that would affect or help the interests of the insurance company or any of its officers. This line of examination will be followed out when the sessions are resumed to-morrow.

Other witnesses to-day were John R. Hegeman, president of the Metropolitan Life, and Vice President Fiske, who were interrogated along the line of agents' salaries, legal expenses of the company, real estate holdings and the methods of acquiring properties, and the fact was brought out that the fire insurance firm that places all the risks on the properties of the Metropolitan is composed of W. D. and Silas B. Dutcher, the latter a director of the Metropolitan Life. The low rate of interest at which Mr. Hegeman secured loans and the reason of the rebates that Mr. Hegeman received from the old firm of Vermilye & Co., was testified to by several members of that firm which has since gone out of business. This firm was the bankers of the Metropolitan Life, but since last March, the business has been taken over by William A. Reade & Co. Mr. Reade was a witness to-day, and said that Mr. Hegeman got these loans at a rate below the market rate, because Mr. Hegeman had been a client for a number of years and because of the volume of business he transacted with the firm of Vermilye & Co.

PRESIDENT ROOSEVELT RELENTS

Has Reinstated Chauffeur Recently Discharged by His Order.

By Wire to the Morning Star.

Washington, Nov. 13.—A few weeks ago, Walker Eldridge, a chauffeur for the bureau of standards, was dismissed from the government service for misconduct which came under the personal observation of President Roosevelt. The misconduct consisted of driving his automobile in such a manner as to interfere with the passage along the highway of the President's carriage. By direction of the President, Eldridge will be reinstated in his old position at the end of two months from the date of his dismissal. The exercise of leniency by the President was due to Eldridge's excellent record in the Philippines, to the fact that his father was a veteran of the civil war and to the additional fact that his wife is an invalid.

NO AID FOR SPECULATORS.

Secretary Shaw Will Not Go to Rescue in New York.

By Wire to The Morning Star

Washington, Nov. 13.—Secretary Shaw has not yet decided to come to the relief of the money market. He authorizes the statement that he will not interfere unless convinced that business interests are likely to suffer. Thus far no productive business interest, manufacturer, transporter, merchant or banker has asked it. He will not come to the relief of speculation. Should any business concern be denied deserved credit at reasonable rates, the Secretary wants to know the facts. He believes the majority of New York loans are still made at or below six per cent. for call money and speculation long time money, in other words market money, as distinguished from customers money, is higher.

CONFEDERATE MONUMENT.

Movement to Erect Memorial in Arlington Cemetery.

By Wire to The Morning Star.

Washington, Nov. 13.—Plans for the raising of funds to erect a monument in Arlington cemetery to the Confederate dead are to be formulated by a joint committee from every Confederate organization in the District of Columbia at a meeting for that purpose to be held shortly. A sculptor, whose name is withheld for the present, has offered to design the monument without compensation. The cost of its construction and erection is placed at between $15,000 and $20,000 to which fund it is proposed to ask contributions from all Confederate societies of the South. The monument will be placed in the reservation for the Confederate dead in the national cemetery.

RETAIL MERCHANTS' ASS'N.

Incorporated by Secretary of State With Several Others—Bankruptcy.

(Special Star Telegram.)

Raleigh, N. C., Nov. 13.—The North Carolina Retail Merchants' Association is chartered for the purpose of safeguarding the interests of the merchants of the State, to correct evils attendant on the credit system, to inaugurate an interchangable system and to abate trade nuisance. The incorporators are Clarence Sawyer, of Asheville; J. W. Carter, of Winston-Salem; McCoy Mortiz, of Hickory; R. D. Caldwell, of Lumberton, and Jno. Dunn, of Newbern.

The Bank of Aberdeen, Moore county, is incorporated with $15,000 capital by H. A. Page and others.

Among other charters are: Rocky Mount Fair Company, for "agricultural and mechanical fairs, horse shows and races;" with $1,000 capital and privilege to increase to $50,000; J. P. Whitehead and others incorporators.

In the Federal Court to-day an order was made referring involuntary proceeding in bankruptcy against the Franklin-Martin Company, of Fayetteville, to Referee Victor Boyden.

SENSATION IN NORFOLK.

One of Oldest Physicians Arrested on Serious Charge.

Norfolk, Va., Nov. 13.—Dr. L. R. Childs, aged 68 years, one of Norfolk's most prominent physicians, was today committed to jail without bond upon the charge of having performed an operation from the effects of which Miss Sarah Atkinson, aged 24, is now reported to be dying in the Norfolk Protestant Hospital. James T. Franklin, aged 25 years, formerly from Bedford county, Va., and a car inspector in the employ of the Norfolk and Western railroad, arrested upon a charge of aiding and abetting in the alleged crime, was bailed in the sum of $1,500 for his appearance in court ten days hence.

ELECTION INDICTMENTS.

Grand Jury in New York Found Six Yesterday

By Wire to The Morning Star.

New York, November 13.—Six indictments in New York election fraud cases were returned to-day by the grand jury and six bench wararnts were immediately issued. The indictments were all for men who are already under arrest charged with illegal voting.

No district leaders or other prominent politicians were included in the indictments, but it was said at the State Attorney General's office that John Krup, one of the men under indictment, has made statements through which it is expected to reach a more important offender.

CRIMINAL DOOMED TO HANG.

Rescued From Mob and Will Be Executed by Law.

Atlanta, Ga., Nov 13.—Jim Walker, the negro who was arrested last week charged with a criminal assault on Mrs. W. G. Moore three weeks ago, pleaded guilty to the indictment today and was sentenced to be hanged December 8. Walker was rescued by Sheriff Nelms last week after a mob had placed a rope about the negro's neck.

Police Committee Investigation.

Mr. John Meier, one of the oldest and best known men on the police force, was suspended from the Department after an investigation by the Police Committee at the City Hall last night, and the committee will recommend to the Board of Aldermen that the suspension be made permanent. Mr. Meier was found incapacitated for duty in the Purcell alley Saturday night, and while he maintains that the incapacitation was not from the effects of drink, the committee ruled that under all the circumstances, suspension was necessary to maintain discipline on the force. Janitor L. F. Harper was before the Public Building Committee last night for dereliction of duty, but the gravity of the offence was not regarded sufficient for dismissal. He was suspended for ten days.

Real Estate Transfers.

The following real estate transfers appear from deeds filed for record yesterday: David Gregg, Jno. W. Blount, J. C. Angel and others to Carrie H. Angel, for $1,500 and other valuable considerations, property on north side of Chesnutt, between Second and Third streets, 33x66 feet in size. Alonzo Millis and wife to Wm. Padrick, for $500, thirty-five acres of land in Cape Fear township. H. M. Foard and wife to Louis Bolton, for $130, property on west side of Second, 210 feet south of Marsteller street, 90 x90 feet in size. James N. Cochran and wife to Thos. J. Burnett, for $200, fifty-four acres of land in Federal Point township. R. H. Reville and wife to Edward B. Williams, for $650, property on east side of Front, 66 feet south of Meares street, 38x94 feet in size.

Public School Entertainment.

The entertainment at Acorn Branch school, District No. 6, last night was quite a success. After dialogues and recitations by the boys and girls, refreshments were served and a neat sum was raised to the amount of $17.45 for the purpose of establishing a library for the children. Miss Sue Bodenheimer is the teacher of the school and the people in the community are thoroughly alive upon the question of education.

Young Men's Republican Club.

It was learned yesterday that there is a movement on foot to organize a Young Men's Republican Club in this city. A prominent young attorney is at the head of the movement and it is understood that a meeting will be held in the near future for the purpose of perfecting the organization. The club expects to corral a number of votes from the ranks of the young men by the time of the general election next Fall.

A DISTINGUISHED RABBI.

Dr. Edward N. Calish, of Virginia, to Lecture This Evening.

Rabbi Edward N. Calish, of Richmond, Va., will deliver a lecture in the Temple of Israel, under the auspices of North State Lodge, No. 222, Independent Order B'nai B'rith, of this city, to-night. While here the distinguished visitor will be a guest of Mr. Isaac Bear, president of District No. 5 of the order in the United States. Dr. Calish is a very learned man, and is of the faculty of the University of Virginia. He comes here from Charleston and Savannah where his reference to the crisis in Russia were received with much interest. He is also speaking with special reference to the forthcoming celebration of the 250th anniversary of the settlement of the Jews in America.

AS OTHERS SEE US.

(Washington Post.)

Mr. Edward Mallory, representing one the largest furniture manufacturing firms in the country, is at the Raleigh for a few days. He is homeward bound from an extensive business trip through the South, and talks entertainingly of the wondeful changes that have taken place in that section within the last few years.

"I have pretty thoroughly covered the South Atlantic and Gulf States on this trip," said Mr. Mallory, "which is the first in seven years, and am astonished at the great progress made by the smaller towns and cities in that corparatively brief period. There is a general awakening of civic pride, and the former muddy thoroughfares, plank walks, and unsanitary conditions have been superseded by well paved, sewered, and electrically lighted streets. In thought as well as deed were changed conditions no less discernible. Opinions on formerly tabooed political subjects were invited and discussed with a freedom, and, in view of the past's bitter experiences, a toleration that was surprising.

"In striking contrast to this progressive and enlightened spirit, however, is the wave of political prohibition agitation that seems to be sweeping over that section, and which, just at this time, is at its height in Virginia and the Carolinas. It is a singular feature of the craze that the object sought—the promotion of temperance—has had an opposite result, for there is more drunkenness under so-called prohibition than in the days of the open saloon. One cause of this is that beer, with its small percentage of alcohol, is excluded by reason of its bulk, which makes it unsafe to surreptitiously handle, while whiskey, with a much larger percentage of alcohol, can be obtained anywhere without risk. With my exceptional opportunities for observation, I can safely assert that prohibition down there means nothing more or less than promoting the consumption of whiskey, and mostly bad whiskey at that."

Five more days and swift sure selling, at Gaylord's. **

Advice to Merchants and Farmers

Do you know when you buy any grade of Guano? It's simply an adulteration, a small per cent of which is blood and bone, which is the superior ingredient, but when you purchase FISH SCRAP, you get nothing but pure FLESH, BLOOD & BONE. The above assertion we guarantee and can prove. Therefore FISH SCRAP has no equal as a Fertilizer. We are Sole Agents for the Ocean Fisheries Co., who manufacture the finest article of FISH SCRAP known. Prices cheerfully given on application.
